

Mike Powell, FCC,

#1 Democracy depends on enlightened citizens. #2 It is the "obligation" of the mass news media is to enlighten the citizens. #3 The mass news media has not enlightened the citizens and is in fact the most irresponsible powerful (undemocratic) force in the contemporary US. Paraphrase of "Democracy and the Mass News Media" by a Jean Kirkpatrick article published in mid to late 1980's. The mass news media is even more irresponsible today.

Mike you have a moral and ethical obligation to enlighten the citizens of the US. Diversify ownership, or step down.

Citizen,

Ed Meyers
